EDUCATION

M.S Data Science

[EXP] May 2027

San Jose State University

B.S Statistics and Data Science

Jun 2025

University of California, Santa Barbara

GPA: 3.76, Dean's Honors: Fall 2023, Spring 2024, Spring 2025

PROJECTS

Neural Network Image Classification

Fall 2024

- Utilized TensorFlow to build a convolutional neural network (CNN) based on Handwritten Math Symbols dataset, achieving 99% validation accuracy
- Leveraged OpenCV (CV2) for image preprocessing of user handwritten input
- Integrated Python-based automation with the Wolfram Alpha API to interpret predicted characters and return computed solutions, enabling dynamic equation solving

Data-Driven Analysis of UFC Predictors

Spring 2025

- Analyzed a dataset containing nearly 6,500 observations and over 100 predictors to identify key factors influencing fight outcomes
- Engineered K-Means clustering and Elo-Engine to optimize dimensionality reduction and data representation
- Implemented machine learning models: Random Forest, Support Vector Machine (SVM), and Extreme Gradient Boosting (XGBoost), resulting in 62% peak accuracy

SKILLS & CERTIFICATIONS

Languages & Tools: Python, R, MySQL, TensorFlow, PyTorch, NumPy, Scikit-learn, Plotly

Cloud Platforms: Google Cloud Platform, AWS S3, Firebase, Databricks

Certifications: Microsoft Technology Associate – Security Fundamentals

EXPERIENCE

Software Engineering Intern

Jun 2023 – Aug 2023

Frugal Innovation Hub, Santa Clara University

- Developed English as second language (ESL) mobile app, utilizing Flutter and Dart
- Designed full functioning front-end UI within Figma
- Integrated Firebase cloud database into program seamlessly to track user progression

Customer Service Associate

May 2022 – Aug 2022

Titan Cloud Consulting

- Updated company database with new customer info and handle current customer data retrieval
- Automated workflows using SQL (AWS/MySQL) and Python to enhance data efficiency
- Understand AWS functionality, to help clients access scalable tools that supported measurable growth
- Connected with 50+ clients to build networks and expand business collaboration

ACTIVITIES

Vice President and Co-Founder

Nov 2021 - May 2023

IEEE Student Chapter, Ohlone College

- Founded the first IEEE branch at a California community college
- Led a team of 50+ students and organized technical project showcases and conference participation
- Implemented UAV-based gas detection and real-time mapping systems for Project DIANA
